

Trinity Guildhall Results (Performing Text & Communication Skills combined)

Performing Text

An ideal way to explore and enjoy the meanings and messages in poems and prose. Learning to convey through voice and face the messages within. It helps children relax and become more confident when expressing themselves to others.

Communication Skills

This module helps children communicate to others their own feelings, ideas and opinions in a fluent and relaxed manner. It develops their ability to present their thoughts in an ordered and confident way that is an invaluable skill to learn for life.

There is an annual exam held at school, with an external examiner from Trinity Guildhall which is optional.

2015/2016
